As a property owner in King County I understand that King County will provide a 2000 Herbicide Vegetation Control Program to discourage undesirable brush growth and grass along the roadway shoulder.

I understand if I request the County not to spray adjacent to my property, then it becomes my responsibility to maintain the vegetation along said right-of-way. I further understand if I do not maintain the vegetation, this agreement becomes null and void and said right-of-way will be returned to the Herbicide Vegetation Control Program.

Therefore:

1. I request that King County delete spray at the location indicated above.
2. I agree to post "Owner Will Maintain" signs on the borders of my property so the signs will be clearly visible from the driving lane.
3. I agree to control undesirable vegetation, including alder, willow, blackberry, and tansy ragwort, within the road right-of-way so traffic visibility is not hindered and the vegetation does not encroach into the roadway surface.
4. I hereby accept the responsibility to install and maintain the "Owner Will Maintain" signs in the manner and at the location as set forth in this agreement. I further agree my performance under this agreement is at my sole risk and I shall indemnify King County, it's agents and employees, and hold them harmless from any and all liability for damages, costs, and expenses resulting from, arising out of, or in any way connected with this agreement, or from my failure to perform fully thereunder. I further agree to defend King County, it's agents and employees, against all suits, actions, or proceedings brought by any third party against them for which I would be liable thereunder.
